

HONEY BOX

**SHARING
THE BEST IN
NEW MUSIC**

Honey Box Live is a live streamed music show featuring original performances from talented up-and-coming local artists filmed in front of a studio audience.

We create an immersive experience that feels like a live gig in the comfort of your home.

Get up close and personal with professional quality streams, supporting local grassroots music.

Our mission is to spread the joy of discovering new music and bands across the U.K. and provide a platform for artists to showcase their music, reaching new audiences.

HOW DOES IT WORK?

With the support of PH Production Services, we can transform any venue into a high quality broadcast studio, ensuring top-notch live streams.

We collaborate seamlessly with venues that have their own tech support and production requirements, adapting to each unique setting.

We work with local partners to carefully curate the bands that perform, ensuring a diverse and exciting lineup, every time.

We create comprehensive promotional packages for featured artists, including high quality recordings of each individual track.

HONEY BOX LIVE PUTS LOCAL MUSIC ONLINE AND IN THE SPOTLIGHT

WATCH THE LATEST EPISODE

The team works closely with the artists during soundcheck and rehearsal to ensure the best sound and visuals before going live online to a global audience.

Each artist is given ready cut film footage and photographs from their live streamed performance.
